- Each digital photo must be a first-generation image (not a photo or screenshot of another photo/video). Violation will result in picture disqualification.
- You must use a QCKBF ID Card. This is available for print under the files tab on the Facebook page. The ID card can be color or Black and White. Incorrect ID card will result in the fish being disqualified.
- All varieties of Queen City Kayak Bass Fishing Tin ID cards are legal as well.
- Your QCKBF identifier must be present in the picture. No identifier will result in No fish. Full ID CODE must be visible. Partial ID code will result in the picture not being accepted.
- The fish's mouth must be closed completely, with the fish facing left. The left side of the fish must be facing up. Tail can be pinched or in a natural position. **A deduction of .25" will be taken for an open mouth.** ANY AMOUNT OF OPEN WILL BE A PENALTY. WE WILL NOT HAVE A PARTIAL RULE. Deformed fish will be judged the same way. Judges will be able to penalize more as needed for a mouth that is blatantly left open to gain length.
- 4 fish limits. 12 inch minimum. (Largemouth Bass and Spotted Bass and Small mouth bass. Fish must be caught during tournament times, in the lake we are fishing, which will be stated prior to the event. If found you caught fish prior to the event, and turned them in for scoring, you will be Disqualified and banned from QCKBF.
- If a penalty brings the total length below 12 inches, the fish will not count.
- Fish caught within ½" of each other will need to have distinct characteristics that prove they are not the same fish. TD will make the final decision on duplicate fish submissions.
- Measurement is to the nearest ¼ inch, last touched line. If the fish is laying in-between lines, judge's discretion will be used, but extra length should not be expected. To eliminate any issues, make sure the tail is touching a line.
- ENTIRE fish length must be visible in the picture. If the head or tail is cut off in the picture, the fish will not be scored.
- Please avoid having your finger or hand under the hard bone of the gill plate. If we judge your hand or finger under the gill plate with intent to push the fish to the bump, or close the mouth, this fish will be disqualified.

- No restraining devices may be used in your picture, including a hook, tie downs, stringer clip, etc.
- The left eye of the fish must be in the photograph, or the fish will not be scored. 100% of the eye must be visible. If your finger is covering the eye or some of the eye, no score will be given. If your fish has no left eye, or a **damaged left eye**, a video must be taken of the fish moving/swimming away, showing the fish alive. If a video is not provided, the fish will not count.
- If the fish is not touching the bump on the board, a minimum of a 1 inch penalty will be given, and any further penalty is at the judge's discretion.
- If the tail is flipped up in the picture, not touching on the ruler, the TD will make the ruling on the last touched line on the board.
- All bass are to be released before the tournament end time.
- If the directors or judges feel, you are trying to gain any advantage by manipulating a scoring device, with bend, cut, breaks, etc. Any manipulation of the board to help increase length, or the fish, you will be disqualified and not be welcome back in the club.
- Pictures must be submitted to Tourney X by the last submission time. It is angler responsibility to find service withing the provided extra time.
- You may not use the same fish multiple times in any event. 1 day, two days, or online month-long event. Each fish will only be used once in your limit and the duplicate will be removed.

The small bass pot will split the pot in the event of a tie. The highest finishing angler will win the plaque. An open mouth will add .25 inch in the small bass competition. Small bass will be judged on the director's device, not on Tourney X. This fish will not be counted towards your limit. You will submit this bass via FB messenger or text to the director.

SPORTSMANSHIP • All contestants are required to follow high standards of sportsmanship, courtesy and conservation and to conduct themselves in a manner that will be a credit to themselves, sponsors, QCKBF, QCKBF sponsors, and the sport of fishing as well as QCKBF's efforts to promote the sport. Conduct not complying with these standards includes, but is not limited to, the following: o Any words, conduct or actions reflecting unfavorably upon efforts to promote safety, sportsmanship, fair competition and compliance with tournament rules. Anglers agree to a lie detector test by fishing any QCKBF event.

^^^^Cheating will result in a permanent ban from all future QCKBF events. ^^^^

I started this club because I love fishing tournaments. The tournament directors will compete alongside all the anglers for money, prizes and AOY, etc. Our identifier numbers will be given at random from the other anglers, or the Tourney X app the morning of the tournament. We will not score our own fish. Our pictures will be available for all anglers to see. Tournament director (Vincent Ferreri) will have final say in judging pictures. Any concerns should be brought up prior to payout that day. **This is a live document and will be updated as needed.**
